David H. Peng, MD, MPH returned to the Keck School of Medicine in 2013 after three years at Stanford University School of Medicine, where he served as associate professor and director of the Department of Dermatology's residency training program, one of the nation's most prestigious residency training programs in dermatology. He also served as chief of the Stanford Dermatology Clinics, director of the Medical Dermatology Program and director of the Allergic Contact Dermatitis Program in the Department of Dermatology.

He originally joined the Keck School's faculty in 2004 and was appointed visiting assistant professor of clinical medicine, associate residency program director in the division of dermatology and director of the Contact Dermatitis Clinic. He was appointed director of the residency-training program in 2008 and served as acting chair of the Department of Dermatology between November 2008 and July 2009. Peng received his bachelor's degree from the University of California, Berkeley, and medical degree from the University of California, San Diego (UCSD). He completed his internship at UCLA, where he also earned a Master of Public Health degree before returning to UCSD for his residency in dermatology.

His research and academic interests center on inpatient consultative dermatology.

Target Audience: The target audience for the Department of Dermatology Grand Rounds is attending physicians, fellows, community physicians and other health care professionals.

Statement of Purpose: The format will include lectures detailing diagnosis, management and therapeutic interventions for selected dermatologic topics, and occasional case presentations with review of interesting cases. Clinical test results and radiographic findings will also be included. Current landmark research findings will be discussed.

Accreditation statement: The UC Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Dermatologic Grand Rounds Global Objectives

- Summarize core competencies in Dermatology as identified by the Accreditation Council for Graduate Medical Education.
- Assessment and management of complex skin diseases including but not limited to cancer.
- Cite current research findings in the field of dermatology and dermatopathology.
- Discuss key issues in the delivery of dermatologic care to a wide range of therapeutic modalities and combination therapy to increase efficacy and minimize side effect profiles.

Designation statement: The UC Irvine School of Medicine designates this live activity for a maximum of 3 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
