Dr. Lauren Pinter-Brown is a hematologist-oncologist who has been on the UCLA faculty since 1990.
She earned her MD degree from UCLA Medical School, completed her internship and residency in Internal Medicine at Harbor-UCLA Medical Center, and completed a fellowship in Hematology and Oncology at University of Southern California.
Dr. Pinter-Brown remained on the faculty at the University of Southern California in the Hematology division until 1990, when she returned to UCLA having hospital privileges at Olive View-UCLA Medical Center and UCLA Center for the Health Sciences. In July, 2005, she joined the UCLA main campus faculty full-time as the Director of the Lymphoma Program in the Division of Hematology-Oncology.
She has a longstanding interest in lymphoproliferative disorders, particularly in skin and T-cell lymphomas.

We wish to thank Amgen and La Roche Posay for exhibiting at this session.
Target Audience: The target audience for the Department of Dermatology Grand Rounds is attending physicians, fellows, community physicians and other health care professionals.

Statement of Purpose: The format will include lectures detailing diagnosis, management and therapeutic interventions for selected dermatologic topics, and occasional case presentations with review of interesting cases. Clinical test results and radiographic findings will also be included. Current landmark research findings will be discussed.

Accreditation statement: The University of California, Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Dermatologic Grand Rounds Global Objectives
1. Summarize core competencies in Dermatology as identified by the Accreditation Council for Graduate Medical Education.
2. Assessment and management of complex skin diseases including but not limited to cancer.
3. Cite current research findings in the field of dermatology and dermatopathology.
4. Discuss key issues in the delivery of dermatologic care to a wide range of therapeutic modalities and combination therapy to increase efficacy and minimize side effect profiles.

Designation statement: The University of California, Irvine School of Medicine designates this live activity for a maximum of 3 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
