Pyoderma Gangrenosum

Following this session, the attendee will be able to:

- Identify and diagnose pyoderma gangrenosum
- Design an evaluation schema for a patient with pyoderma gangrenosum
- Manage patients with pyoderma gangrenosum more effectively

Jeffrey P. Callen, MD

Professor of Medicine (Dermatology)
University of Louisville

Jeffrey P. Callen, MD, was born in Chicago, IL. He went to University of Wisconsin in Madison, Wisconsin (1965-8) and University of Michigan Medical School (1968-72). He completed residencies in internal medicine and dermatology at the University of Michigan Affiliated Hospitals. He is a diplomate of the American Board of Internal Medicine (1975) and the American Board of Dermatology (1977, 1999, 2009). In 1977 Dr. Callen joined the faculty at the University of Louisville, attaining the rank of Professor and being appointed as Chief of the Division of Dermatology in 1988. He has served on the Board of Directors of the Dermatology Foundation (1983-8), the American Academy of Dermatology (AAD) (1994-8), Association of Professors of Dermatology (1996-9), the American Board of Dermatology, Inc. (ABD) (2003-2011) and the American Dermatologic Association (2009-2013). He Chaired the AAD's Council on Education (2003-7). He has been Vice-President of the AAD in 2004-5 and the ABD 2011. He is currently Associate Editor of the Archives of Dermatology, the Deputy Editor of New England Journal's Journal Watch Dermatology and Editor in Chief of the Dermatology Section of UpToDate. He has been listed in Best Doctors annually since 1992 and has received the American Academy of Dermatology Thomas Pearson, PhD Education Award. He was given the Medical Dermatology Society's Lifetime Achievement award in 2011.

5 to 7 p.m.

Moderator: Janellen Smith, MD

Professor, Department of Dermatology
UC Irvine Health School of Medicine

Special thanks to Amgen and La Roche Posay for exhibiting at this session.

Target Audience: The target audience for the Department of Dermatology Grand Rounds is attending physicians, fellows, community physicians and other health care professionals.

Statement of Purpose: The format will include lectures detailing diagnosis, management and therapeutic interventions for selected dermatologic topics, and occasional case presentations with review of interesting cases. Clinical test results and radiographic findings will also be included. Current landmark research findings will be discussed.

Accreditation statement: The University of California, Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Dermatologic Grand Rounds Global Objectives

- Summarize core competencies in Dermatology as identified by the Accreditation Council for Graduate Medical Education.
- Assessment and management of complex skin diseases including but not limited to cancer.
- Cite current research findings in the field of dermatology and dermatopathology.
- Discuss key issues in the delivery of dermatologic care to a wide range of therapeutic modalities and combination therapy to increase efficacy and minimize side effect profiles.

Designation statement: The University of California, Irvine School of Medicine designates this live activity for a maximum of 3.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure: Lecturer/Moderator: Dr. Callen and Dr. Smith have disclosed that they have no affiliations, arrangements or financial agreements that could be a potential conflict of interest in their presentations. Dr. Callen has further disclosed that this lecture will

include discussion of unlabelled, unapproved drugs or devices for pyoderma gangrenosum. Dr. Callen has disclosed that based on this potential conflict of interest he will submit his presentation for review prior to the activity. He further discloses that he will support his presentation and clinical recommendations with the “best available evidence” from medical literature.

Course Director/Planners: Hege Grande Sarpa, MD, Janellen Smith, MD, and Christopher B. Zachary, FRCP, have disclosed that, as course directors and planners they have no affiliations, arrangements or financial agreements, which could be perceived as a potential conflict of interest. Kristen Kelly, MD, has disclosed that, as a course planner, she receives research grant support from Graceway Pharmaceuticals and Candela Corporation, and that she provides research support for Light Sciences Oncology and Nitto Denko, which could be perceived as a potential conflict of interest in the planning of this course. Kristen Kelly, MD, has disclosed that based on her potential conflict of interest, to the best of her ability, she will ensure that any speakers or content she suggests are free from commercial bias. She will also excuse herself from planning activity content in which she has a conflict of interest. Judy Hobert has also disclosed that, as an administrative staff, she has no affiliations, arrangements or financial agreements, which could be perceived as a potential conflict of interest.

ADA Statement: In compliance with the Americans with Disabilities Act, contact us three days in advance about special needs for any attendee. Contact Judy Hobert at jhobert@uci.edu or 949-824-4405. This activity is in compliance with **California Assembly Bill 1195** which requires continuing medical education activities with patient care components to include curriculum in the subjects of cultural and linguistic competency. For specific information regarding Bill 1195 and definitions of cultural and linguistic competency, please visit the CME web site at www.cme.uci.edu.
