5 to 7 p.m.

Special thanks to Abbvie and Celgene for exhibiting at this session.

Professor and Chair of the Department of Dermatology at the University of Minnesota in Minneapolis, Minnesota, **Dr. Maria Hordinsky** is recognized for her expertise and research in hair diseases and the peripheral nervous system as it relates to hair follicle biology. Dr. Hordinsky is immediate past president of the Association of Professors of Dermatology and is a representative from the Association to the Council of Faculty and Academic Societies (CFAS) of the American Association of Medical Colleges.

Dr. Hordinsky is also Chair of the Clinical Research Advisory Council of the National Alopecia Areata Foundation, on the Board of Directors of the Cicatricial Alopecia Research Foundation and is Secretary/Treasurer of the North American Hair Research Society as well as Section Editor on Hair Diseases for UpToDate, an evidence-based clinical decision support system. She is also actively involved in several other dermatology organizations including the American Academy of Dermatology where she chairs the Ethics Committee and is a member of the Society for Investigative Dermatology. Dr. Hordinsky was a recipient of the Leonard Tow Humanism in Medicine Award and has over 100 publications. She regularly lectures and teaches on hair diseases and divides her time between seeing patients with residents and medical students in her private practice associated with University of Minnesota Physicians, doing clinical research, teaching, and administration.

Target Audience: The target audience for the Department of Dermatology Grand Rounds is attending physicians, fellows, community physicians and other health care professionals.

Statement of Purpose: The format will include lectures detailing diagnosis, management and therapeutic interventions for selected dermatologic topics, and occasional case presentations with review of interesting cases. Clinical test results and radiographic findings will also be included. Current landmark research findings will be discussed.

Accreditation statement: The UC Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Dermatologic Grand Rounds Global Objectives

- Summarize core competencies in Dermatology as identified by the Accreditation Council for Graduate Medical Education.
- Assessment and management of complex skin diseases including but not limited to cancer.
- Cite current research findings in the field of dermatology and dermatopathology.
- Discuss key issues in the delivery of dermatologic care to a wide range of therapeutic modalities and combination therapy to increase efficacy and minimize side effect profiles.

Designation statement: The UC Irvine School of Medicine designates this live activity for a maximum of 3 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure: Lecturer/Moderator: Maria Hordinsky, MD has disclosed that she is a consultant for Incyte/Novartis and a Section Editor for UpToDate, which could be perceived as a potential conflict of interest in her presentation. Maria Hordinsky, MD further discloses that based on her potential conflict of interest, she will support her presentation and clinical recommendations with the “best available evidence” in the medical literature. Janelen Smith, MD has disclosed that she receives honoraria from Solta/Zeltiq and is a

member of the scientific advisory board for Zeltiq, which could be perceived as a potential conflict of interest in her presentation. Janelen Smith, MD has disclosed that based on her potential conflict of interest, she will support her presentation and clinical recommendation with the best available evidence in the medical literature and will refrain from making recommendations regarding products or services.

Course Director/Planners: Christopher Zachary, FRCP has disclosed that, as course director, he is an educational grant recipient from Solta, receives honoraria from Solta/Alma, is a member of the scientific advisory board for Zeltiq and receives an equipment loan from Cynosure. Christopher Zachary, FRCP has disclosed that based on his potential conflict of interest, to the best of his ability, he will ensure that any speakers or content he suggests are free from commercial bias. Hege Grande Sarpa, MD has disclosed that, as a course planner, she has no affiliations, arrangements or financial agreements, which could be perceived as a potential conflict of interest. Janelen Smith, MD has disclosed that, as course planner, she receives honoraria from Solta/Zeltiq and is a member of the scientific advisory board for Zeltiq. Janelen Smith, MD has disclosed that based on her potential conflict of interest, to the best of her ability, she will ensure that any speakers or content she suggests are free from commercial bias. Dr. Smith further discloses that she will excuse herself from planning activity content in which she has a conflict of interest. Judy Hobert has also disclosed that, as an administrative staff, she has no affiliations, arrangements or financial agreements, which could be perceived as a potential conflict of interest.

ADA Statement: In compliance with the Americans with Disabilities Act, contact us three days in advance about special needs for any attendee. Contact Judy Hobert at jhobert@uci.edu or 949-824-4405. This activity is in compliance with **California Assembly Bill 1195** which requires continuing medical education activities with patient care components to include curriculum in the subjects of cultural and linguistic competency. For specific information regarding Bill 1195 and definitions of cultural and linguistic competency, please visit the CME web site at www.cme.uci.edu.
