Target Audience: The target audience for the Department of Dermatology Grand Rounds is attending physicians, fellows, community physicians and other health care professionals.

Statement of Purpose: The format will include lectures detailing diagnosis, management and therapeutic interventions for selected dermatologic topics, and occasional case presentations with review of interesting cases. Clinical test results and radiographic findings will also be included. Current landmark research findings will be discussed.

Accreditation statement: The UC Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Dermatologic Grand Rounds Global Objectives

- Summarize core competencies in Dermatology as identified by the Accreditation Council for Graduate Medical Education.
- Assessment and management of complex skin diseases including but not limited to cancer.
- Cite current research findings in the field of dermatology and dermatopathology.
- Discuss key issues in the delivery of dermatologic care to a wide range of therapeutic modalities and combination therapy to increase efficacy and minimize side effect profiles.

Designation statement: The UC Irvine School of Medicine designates this live activity for a maximum of 3 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Lilit Garibyan, MD, PhD is a board-certified dermatologist, an Assistant Professor at Harvard Medical School and a physician-scientist at the Wellman Center for Photomedicine working in the laboratory of Dr. Rox Anderson. Her work focuses on innovative biomedical translational research aimed at identifying novel treatments for dermatologic diseases and beyond. She co-invented and developed a novel platform technology which allows selective targeting of lipid rich tissue. This technology has now been licensed-out to start commercialization efforts. Dr. Garibyan is also leading an effort to establish a problem-based innovation model led by clinicians interested in solving clinical problems through the Magic Wand Initiative. She is the co-founder and director of the MAGIC WAND Initiative at MGH, and the co-chair of the Virtual Magic Wand program. She is also the chair of education committee and Director of Innovation and External Affairs in AID (Advancing Innovation in Dermatology) which is a nonprofit organization focused on creating and promoting innovation in dermatology. In her free time, Dr. Garibyan has led the way to create a medical laser clinic in Yerevan, Armenia for pediatric patients. Dr. Garibyan received her B.S. summa cum laude from University of California Los Angeles, her M.D. from Harvard Medical School and her Ph.D. from Harvard University in Experimental Pathology/Immunology.
